SAIKRISHNA DASARI

dasarisaikrishna36@gmail.com | +91 6302603910 | Hyderabad

CAREER OBJECTIVE

Passionate Information Technology graduate with expertise in software development, machine learning, and web technologies. Eager to transform ideas into innovative solutions, embrace new challenges, and contribute to building impactful products while growing as a Software Engineer.

WORK EXPERIENCE

Operations Executive Aug 2026 - Present
Applyryt, Virtual

Web Development • Internship Jun 2024 - Sep 2024
Internshala, Virtual

EDUCATION

B.Tech, Information Technology 2022 - 2026
Anurag Group Of Institutions

CGPA: 8.90/10

Senior Secondary (XII), TSBIE 2022
Arts

Pragathi Junior College,nalgonda

Percentage: 94.80%

Secondary (X), TSBSE 2020
S.t John's High School ,miryalaguda

CGPA: 10.00/10

TRAININGS / CERTIFICATIONS

Full Stack JAVA Development
Dec 2025 - Jun 2026
ExcelR, Virtual

Power BI With Excel
Sep 2024 - Oct 2024
Coursera, Virtual

Web Development
Jun 2024 - Sep 2024
INTERSHALA, Virtual

Web Development Certification
Jun 2024 - Sep 2024
Internshala, Virtual

Python Programming
Dec 2023 - Jun 2024
Codetech IT Solutions, Virtual

Introduction To Python
Oct 2023 - Dec 2023
Infosys Springboard, Virtual

Microsoft Excel Certification
May 2023 - Jul 2023
Coursera, Virtual

PROJECTS

CRYPTO PRICE PREDICTION USING ML

Oct 2025 - Apr 2026

Developed a machine learning-based cryptocurrency price prediction application. Utilized Python, Streamlit, Pandas, NumPy, and Scikit-learn. Integrated the CoinGecko API for data collection. Implemented technical indicators such as RSI, MACD, and Moving Averages for market trend analysis. Built an interactive Streamlit dashboard to visualize price trends and prediction results. Evaluated model performance using RMSE, MAE, MSE, and R^2 metrics.

PG Life

Sep 2024 - Dec 2024

Developed PG Life, a web-based platform designed to help users find suitable Paying Guest (PG) accommodations easily. The application allows users to explore PG properties, view details, amenities, pricing, and locations. Built a user-friendly and responsive interface for smooth navigation and efficient property searching, providing a convenient solution for students and working professionals looking for accommodation.

ITECH-2K26 ↗

Feb 2026 - Apr 2026

Designed and published the official ITECH 2K26 department magazine using Canva. Created professional layouts, graphics, and typography while collaborating with faculty and students to organize technical and creative content. Delivered a visually engaging, print-ready publication, demonstrating skills in graphic design, content management, teamwork, communication, and project coordination.

Fit Genie

May 2024 - Aug 2024

Developed Fit Genie, a fitness tracking application using Python, HTML5, and CSS3. Monitored workouts and daily fitness activities through a user-friendly interface. Included input validation for accurate user data. Designed a responsive interface for improved accessibility across devices. Tested and debugged the application to enhance stability and performance.

SKILLS

- HTML
- MS-Excel
- C Programming
- MS-Office
- GitHub
- C#
- Pandas
- Streamlit
- Data Structures
- Database Management System (DBMS)
- Data Analytics
- Python
- CSS3
- MS-Word
- MySQL
- MS-PowerPoint
- HTML 5
- NumPy
- Git
- Algorithms
- Operating Systems
- Artificial intelligence
- Power BI
- JavaScript
- Web development
- Tableau
- Canva
- Bootstrap
- scikit-learn
- VS Code
- Machine Learning
- Computer Networks

EXTRA CURRICULAR ACTIVITIES

-
  - Participated in technical events, coding competitions, and knowledge-sharing activities.
  - Volunteered in college events and assisted with event organization and coordination.
  - Participated in group projects and collaborative technical activities.
  - Engaged in online coding challenges to improve programming and problem-solving skills.
  - Participated in technical seminars and workshops related to IT and emerging technologies.

ADDITIONAL DETAILS

- Achieved a CGPA of 8.90/10, developed multiple software and machine learning projects, participated in hackathons and technical events, and earned certifications in Python, Web Development, and Microsoft Excel.
- Maintained a strong academic record with a CGPA of 8.90/10.
- Participated in hackathons and technical events.
- Demonstrated teamwork and leadership skills during project development.
